

Course: Advance

Level 2

Day №24

Change of Lifestyle for the Environment

global warming

deforestation

endangered animals

water shortage

What are the things that you have done for the environment lately?

It's not too late to change

Changing our lifestyles can help save the environment .

Lifestyle Change	Easy to do	Hard to do	Impossible
Use less gasoline.			
Use solar or electric cars.			
Use less electricity.			
Eat less meat.			
Stop using disposable products.			
Reuse plastic bags, bottles and containers.			
Recycle more.			
Use less water.			
Control the population.			

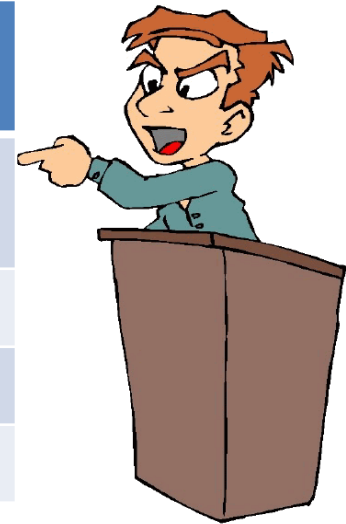

Debate

Can changing your lifestyle help the environment?

What is your stand? Prepare your argument by giving reasons and examples.

Changing lifestyle can help the environment	Changing lifestyle can't help the environment
Individuals can make a big difference	It just isn't possible for some people

How important is it to save the environment?

What movies have you seen about the future?

Vocabulary

Re _ _ _

means use again after processing.

Re _ _ _ _

means to bring down, as in extent, amount, or degree; diminish.

Re _ _ _ _ _

means to use again, especially to reprocess.

My green resolution

What do you resolve to

- reduce
- reuse
- recycle

Making Resolution

Language Hints:

- I have made up my mind that...
- I have decided that I will...
- From now on, I will...
- I'm going to start...

Speaking notes:

Usually, I...	But from now on, I...

Questions to help you:

- How often do you use disposable products? How often do you drive your car? How often do you use an air conditioner?
- Do you recycle paper, cans, or bottles? Do you use a lot of water? How often do you eat meat?

Reusable Items

Carrier bags and twist ties. Carrier bags can be reused in the shops or as bin bags around the house. Paper bags make useful wrapping paper and twist ties can be used to secure loose items together, such as computer wires.

Envelopes By sticking labels over the address you can reuse envelopes. Alternatively, old envelopes can be used as scrap paper to make notes on.

Jars and pots. By cleaning glass jars and small pots, you can use them as small containers to store odds and ends.

Newspaper, cardboard and bubble wrap Make useful packing material when moving house or to store items.

Old clothes - can be made into other textile items such as cushion covers or teapot cosies.

Packaging Such as foil and egg cartons can be donated to schools and nurseries, where they can be use in art and craft projects.

Scrap paper Can be used to make notes and sketches. Don't forget to recycle it when you no longer need it.

Tyres Old tyres can be given to your local petrol station where they will be recycled. Or you could make a tyre-swing by tying a strong rope around a tyre and attaching it to a tree.

Used wood Can be used in woodcrafts for making objects such as a spice rack or a bird table. Alternatively it could be used as firewood.

***Thank you for
today!***

***I'm looking forward to
seeing you again!***
